

The Military Science Minor

Military Science Mission:

To teach leadership and military skills in the classroom, lab and field environment to all students and to commission selected cadets as the future officer leadership of the U.S. Army.

Learning Outcomes:

1. All students are prepared with the tools, training and experiences that will help them succeed in any competitive environment.
2. First and second year students understand basic military skills and the fundamentals of leadership which lays the groundwork toward becoming an Army leader.
3. Third and fourth year students understand advanced military skills and have experience in team organization, planning, and decision-making which prepares them to become commissioned Officers in the U.S. Army.
